PLANNING A PARTY?

HERE ARE SOME TIPS!

Invite your guests at least 30 minutes before your entertainer arrives. It's more fun to be at the party early to create excitement for when the entertainer arrives.

NO SMOKING! Some children and adults are allergic to cigarette smoke.

Have **name tags** for all the participants.

Turn off TV's and music and **keep the adult noise to a minimum**. It's hard for the entertainer and the children to stay focused through talking.

Have your cell phone and cameras handy for unexpected surprises. Make sure the batteries are charged.

Have your entertainment first, then open the presents. **Finish the day with the cake and ice cream** so you won't have to deal with a small crowd on a sugar buzz. Send them home with a sugar buzz!!!! Your day will be less stressful.

Don't sweat the small stuff - you can clean up the mess later.

ENJOY THE DAY!
